

## Call for Papers

### Iranian Journal of Materials Science and Engineering (IJMSE)

Dear Professors/Teachers/Academicians/Research Scholars,

Iranian Journal of Materials Science and Engineering is a rapidly growing academic **scientific-research** publication in the fields of Materials Sciences and Engineering.

This Journal is published in close collaborations with relative societies such as **Iranian Metallurgical Society** and **Iranian Ceramics Society**. Also our advisory board consists of specialists from various universities and research centers all over the world and the list is getting broader as well.

We have also improved the quality of the Journal both in appearance and contents, greatly. Three specialists or referees in the related fields review each received paper before being accepted for publication. The journal is published quarterly and on time and **free of charge**.

This journal had gained the highest recognitions by Iranian Ministry of higher Education and most of research centers and industries in Iran. IJMSE is also indexed in **ESCI(Emerging Source citation Index),Scopus, EBSCO, DOAJ(Directory of Open Access Journals) and ISC**.

Time from Submission to Publication: **17 weeks**

IJMSE welcomes any original articles in the following fields:

- Ceramics
- Extractive metallurgy
- forming and mechanical properties
- physical and thermal properties
- Casting and Solidification
- Simulation
- coatings and corrosion phenomenon
- composites
- and other subjects

It would be our great pleasure if you introduce our journal to your respected co-workers scientists and we eagerly look forward to receive your own papers to be published in this journal.

Please do not hesitate to contact our office or refer to our website if you require more information.

With best regards,

Prof. Bijan Eftekhari Yekta

Editor in Chief
